

### **Kaytee - Free to be me**

I used to sing from a very young age. It's one of my passions in life, I love singing. I used to have music on while I'm cleaning and I'd be singing along. But now I've made karaoke my one weekly activity, and I've actually connected with so many people, across different cities as well as in Leicester. I've been to central London and done programmes there. Having taken my music more seriously, I'm being invited to do shows and birthdays and weddings. That sense of belonging is starting to come with the people I'm hanging out with, who are into a similar sort of thing to me.
