

### **Mathisse - Where is home?**

Because I lived in Edinburgh for so long, I feel I belong there more than here. But that is probably a time thing, as I have only lived in Leicester for 2-3 years. Whereas I was in Edinburgh for 16 years. I am trying to get that belonging through doing things more. I catch myself calling Miami home, but I haven't lived there since 2009. My parents live there so I still think of it that way. I don't think of Edinburgh as home even though I lived there a long time. It's more of a second home. My house in Leicester is my actual home, and I think of that as home. Ultimately though, I think of my parents' house as my true home. I think that will change though as I grow older.
